Education

Kalinga Institute of Industrial Technology (KIIT University) | B.Tech in Computer Science and Engineering
CGPA: **9.39/10** (till 3rd semester) | 2024 – 2028 | Bhubaneswar, Odisha

Jawahar Vidya Mandir, Shyamali | Class 12 – 92.2% | Ranchi, Jharkhand | 2024

Guru Nanak Higher Secondary School | Class 10 – 96.2% | Ranchi, Jharkhand | 2022

Relevant Coursework

Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Digital Logic Design, Engineering Mathematics, Probability & Statistics

Projects

House Price Prediction System | Python, Scikit-learn, Pandas, Matplotlib

- Built an end-to-end machine learning-based house price prediction system using real-world housing datasets and advanced regression workflows inspired by Kaggle projects.
- Performed comprehensive data preprocessing, feature engineering, missing value handling, and exploratory data analysis using Pandas and Matplotlib.
- Implemented and evaluated multiple regression models including Linear Regression and Random Forest Regression for predictive optimization.
- Visualized housing market trends, feature importance, and pricing distributions to extract meaningful insights from structured datasets.
- Improved model performance through hyperparameter tuning, validation techniques, and error metric analysis.

Certifications & Learning

Machine Learning Specialization — Andrew Ng (DeepLearning.AI) | In Progress (2026)

- Successfully completed Week 1 covering core supervised learning concepts and machine learning fundamentals.
- Learned Linear Regression, Gradient Descent optimization, and handling datasets with multiple features.
- Developed foundational understanding of model training workflows, cost functions, and prediction optimization techniques.

Technical Skills

Languages: C, C++, Python, HTML, CSS

Libraries/Frameworks: Scikit-learn, Pandas, Matplotlib

Tools: VS Code, Jupyter Notebook, Git, GitHub

Problem Solving: Solved 100+ problems on LeetCode

Extracurricular Activities

Hackathon Participant — KIIT CipherQuest 2025

Participated in competitive problem-solving and collaborative software development challenges.

Debate, Elocution, and Badminton

Actively participated in academic and sports competitions at school level.
